## Objectives

- establish a scientific community amongst young MedTech researchers, namely bachelor, master, and doctoral students of all types of universities (Uni & FH) in NRW.
- provide an open platform for bachelor, master, and doctoral students to present either their work in progress or their final thesis in the realm of (bio-)medical engineering or in related fields such as e.g. (non-exhaustive):
  - Biomechanics, Implants, Biofluidmechanics, Microfluidics, ...
  - Bioinformatics, Telemedicine, AAL, Hospital Engineering, ...
  - Bioelectromagnetics, Bioelectronics, Biophysics, Medical Physics,...
  - Medical Imaging, Biosensors, Lab-on-a-Chip, Point-of-Care Diagnostik...
  - Numerical Modeling, HPC, Multi-Scale Approaches, ...
  - Implementing of Medical Device Regulations

## Paper Submission

- Submission: You are kindly invited to submit a one (up to maximal two) page abstract (Word and PDF format) until November 30<sup>th</sup>, 2023 to: [info@yra-medtech.de](mailto:info@yra-medtech.de) (a prior announcement of participation is welcomed).
- Format: Please use the corresponding MSWord template that is provided on the YRA MedTech website: <http://www.yra-medtech.de/> (submission includes the silent consent of any (co-) authors for publication)
